

BETA THETA PI
BETA ETA CHAPTER

Ben Atherton-Zeman-

I wanted to write to you on behalf of the brothers of the Beta Eta Chapter of Beta Theta Pi at the University of Maine. Your recent lecture given as a part of our annual Sleep-Out for Rape Response of Bangor served as a great educational part of the evening as a whole. Those in attendance (roughly 150 during your talk) all appreciated what you had to say and commended our brotherhood for bringing such an excellent speaker. This year was our 12th time holding this event, yet, you were the first professional speaker we have ever had as a part of the evening and we could not be happier. Despite the rough situation of speaking in our front yard in below zero temperatures, you managed to be effective and enjoyable, while getting your point clearly across (I especially liked the men's pledge against sexual assault at the end). Thank you again and we really look forward to having you back on campus at some point in the near future.

Sincerely,

Kyle Webster
