Dear Mr. Atherton-Zeman,

Thank you for your outstanding performance of "Voices of Men" at the SAAM 2008 Symposium on April 8, 2008. The reaction from everyone in attendance was extremely positive.

Your funny, heartfelt, and thought-provoking presentation was moving experience for all. Attendee consensus is that the troops, especially the junior ones, could definitely benefit from your message. Few presentations make the lasting impression that yours makes. Thank you for creating such an entertaining and thought provoking program.

On behalf of the Department, I thank you again for taking part in this year's symposium. I am especially grateful for the care and sincere interest you've shown in adapting your program for military audiences.

Until our paths cross again, please take with you my sincere appreciation.

Sincerely,

Michael L. Dominguez
Principal Deputy
